

ESSENTIAL FOOD TRANSPORT SOLUTIONS

A Higher Level of Clean

LIGHTWEIGHT
PROFESSIONAL FOOD
DELIVERY BAGS

Long lasting lightweight transport solutions designed especially for professional food delivery - hot and cold applications.

PROSERVE® PROFESSIONAL

DELIVERY BAGS

Designed especially for professional food delivery: hot and cold applications.

- Nylon construction for years of performance
- 2cm of polyester insulation for maximum thermal performance and no moisture or odour retention

PROSERVE® LIGHTWEIGHT

INSULATED CARRIERS

Four layers of thermal retention provide lightweight option for safely transporting food and beverages.

- PROSERVE® carriers are between 36 and 72% lighter than traditional rigid competitive products
- Time temperature monitoring and labelling is easy with large identification window secured to each carrier
